Welcome to the Acumos Documentation project page!

If you are looking for Acumos platform documentation, please visit docs.acumos.org.

Project Description:

- The Docs team is responsible for the documentation curat
  on, procedures, best practices and tools
- The documentation repository contains end-user guides, with
  content provided by the developers who work on the Portal
  Marketplace, Design Studio, Onboarding, Deployment,
  Platform OA&M, and System Integration components
- Editorial support in producing project-and-component-level
  documentation for Acumos releases
- Define guidelines and tooling for documentation handling
  across all Acumos projects
  - Style Guide
  - Templates
  - Tooling for locally building docs with Sprinx
- Maintain the Acumos documentation project

@TODO - add links to planning etherpads, formal release plans, and
areas that need major work
